Mr. Piers Mauldin killed a rabid dog not long since.

The meeting of the Reading Club on last Friday night was a failure. All the members appointed to read on that night failed to do so. Another failure will certainly "shut" the club into atoms.

Miss Ida Hollingsworth returned home from the Wesleyan Female College, Va., last week, to spend the vacation. Prof. Harris, one of the teachers of the College, accompanied Miss Ida to her home, and will remain a guest of Col. Hollingsworth a few days, and will then visit Texas before returning to his duties in the college.

Mr. Henry Noer has left at this office a curiosity in the way of corn. There are twelve ears inclosed in one chub. There is one centre ear around which eleven others cluster. The ears are all small, but very well and distinctly developed. He says he found several such in the same field with from three to six ears inclosed in them. We have hung this *lucra naturae* up in our sanctum where our farming friends can call and see it if they desire to do so.

When the Professor found that piece of tobacco in the pocket of his pants, he was satisfied that the Jew had not made the exchange with him.

A negro passed a spurious gold dollar on a clerk in one of the stores at this place last week. A genuine dollar put in its place saved a case in the United States Court.

The editor and family return thanks to Mrs. J. C. Thompson for some very fine peaches. They were the Amsden's June variety, large, well ripened and luscious.

Mrs. Malfida Roper, wife of Abner Roper, died on the 13th inst. She was 47 years of age, was a member of the Baptist church at Mountain Grove about thirty years. She died in full triumph of a Christian faith and was buried on the 15th in the family graveyard near her residence.

REVENUE RAID.—A Revenue force under command of C. J. Stollbrand made a raid in this County last week and captured on the night of the 12th inst. a small still near Brown's Mountain, and destroyed several stands of beer and mash. Two negroes were seen to run from the still, though no arrests were made. On the night of the 16th they destroyed the "stunties" of two other stills and a quantity of mash and beer, but the stills had been carried off. No parties were found at either place and consequently no arrests were made.

Mr. P. A. Porter lost a horse in a rather singular way last week. He tied a rope around the head and one fore foot of the horse to keep him from jumping, and turned him in the pasture to graze. The horse succeeded in getting out of the pasture and went into the corn in the bottom. In attempting to jump a ditch, he fell in with his head up stream, and damming up the water with his body was drowned. The loss is serious on Mr. Porter just at this time of the year.

On Sunday the 11th instant, a rabid dog of Mr. James Crenshaw's, in Anderson county, bit Mr. Crenshaw and Mr. Earl Swords. At 9 o'clock the night following, Drs. Clayton and Folger performed an operation on Mr. Ford, by removing the wounded parts by incision and afterwards by cauterizing the wound with nitrate of silver.

Rev. John McLees, brother of Rev. Hugh McLees who supplied the Presbyterian church at this place for several years, died at Greenwood recently, aged 70 years. He had preached at Greenwood for a number of years and was much beloved by all who knew him for his Christian character and godly, upright life.

AN IMPOSSIBILITY.—Deserving articles are always appreciated. The exceptional cleanliness of Parker's Hair Balsam makes it popular. Gray hairs are impossible with its occasional use.

The Examination of Teachers for the Public Schools will be held on Friday and Saturday the 7th and 8th of July next. Applicants for 1st Grade will come on Friday, and those for the 2d and 3d on Saturday. Those now holding certificates can have them renewed without an examination. By order of the Board of Examiners.

O. T. JONES,
School Commissioner.

A telegram from Danville, Va., says: "Reports from Patrick county are to the effect that 6,000 persons are starving. The drought last year greatly curtailed the crops. A load of corn was received at the Court House a few days ago. Hundreds of starving women and children crowded around the vehicle imploring to be given a quart or a peck of corn. The Court House is crowded with men, women and children begging bread. Three hundred had not tasted food for two days. Several wagons with relief have been sent from Danville."

In Jail.—John Henry, or Mack, Curry, the colored man who was mentioned in our last issue as having confessed to Mr. J. T. Anthony and others to the perpetration of certain crimes in Georgia, is now held in jail at this place, to await information concerning him from Georgia. A few nights after leaving Mr. Anthony's, as stated by us last week, he returned to the house of Al Bowen, a colored tenant of Mr. A.'s with his feet and hands chained, and stated to Bowen that the men after him from Georgia had overtaken and arrested him about Marietta, Greenville county, and that he had made his escape from them. As soon as Mr. A. heard that he had returned to his place, he arrested and lodged him in jail to await developments. He told Mr. Anthony that he had purchased the lock at Foster's store, in this county, and had himself locked the chains around his wrists and legs. He passed Mr. James Roper's on the night that he returned to Bowen's and procured a light to enable him to find his way. Mr. Roper discovered that he was chained, to whom he told about the same tale he told Al Bowen. Mr. Anthony subsequently went to Foster's, where he ascertained the fact that the negro had purchased the locks from Mr. Foster, and when at the store, had trace chains in his possession, which it is supposed he had taken from some farmer Mr. A. traced him from Foster's store to Mr. J. B. Hester's house, and about one hundred yards this side of Hester's house he found where he had left the road a few yards and had apparently put on his shackles. Mr. A. is convinced that he shackled himself, but why, is a mystery to him and everybody else. Mr. Anthony says he has scars around the ankles which has the appearance of having been made by shackles, and he thinks that he may probably be an escaped convict. If he is not a criminal he must be a lunatic, though he has not yet exhibited any sign of lunacy. A few more days will probably develop the true status of his case.

Best ever made, Emory's Little Cathartic Pills, pleasant to take, sugar-coated, not griping; only 15 cents a box, of Druggists or by mail, Standard Cure Co., 114 Nassau street, New York.

The Hibernian Democratic Club will meet at the 9 Mile School House on the 24th instant, at 4 o'clock P. M., for the purpose of reorganizing and transacting other business of importance. Let every voter in the township be present.

J. E. BOROUGHS, Pres.

A CARD.

To the Democratic Voters of Pickens County: My name having been announced for the office of County Commissioner of Pickens County, I have, after mature consideration, decided to decline to become a candidate at this election. I am heart and soul with the Democracy, and shall give to the nominees of the party whoever they may be, a zealous support. With grateful feelings for those who presented my name to the public and for those who have voluntarily offered their support, I am very respectfully,
W. B. ALLGOOD.

How it was done.—"How do you manage," said a lady to her friend, "to appear so happy and good natured all the time?" "I always have Parker's Ginger Tonic handy," was the reply, "and thus easily keep my self and family in good health. When I am well I always feel good natured."

AWFUL TRAGEDY.—A man named Reiter, residing in Moore county, N. C., went to visit the morning with a load of corn, taking his two young sons on the wagon with him. The boys crawled under several bags of corn. One of them fell asleep and was smothered by one of the bags falling on his face. While the father was getting the corn from under the bags, the other boy, who had jumped to the ground and was standing near the wagon, was killed on the head by one of the mules and killed. The father returned home with the bodies in the wagon.—*Robesonian*.

Samuel J. Thomas, conductor of a material train, and Walker Tobias, colored train hand, were killed in an accident on the Western Railroad, near Clinton, on the 13th inst. Dotter Anderson, colored, had a leg crushed and an arm broken.

Malaria, Chills and Fever, and Bilious attacks positively cured by Emory's Standard Cure Pills—an infallible remedy never fails to cure the most obstinate, long-standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, two kinds of Pills, containing a strong cathartic and a chill breaker, sugar coated, contain no Quinine or Mercury, causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequalled. For Liver Complaint their effect is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, or sent by mail, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 cents. Standard Cure Co., 114 Nassau street, New York.

The King of the Body is the brain; the stomach is its main support; the nerves its messengers; the bowels, the kidneys and the pores its safeguards. Indigestion creates a violent revolt among these attachments of the regal organ, and to bring them back to their duty, there is nothing like the regulating, purifying, invigorating, cooling operation of TARRANT'S SELTZER WATER. It renovates the system and restores to health both the body and the mind.

SOLD BY ALL DRUGGISTS.
